The copy filmed here has been reproduced thanks to the generosity of:

Harold Campbell Vaughan Memorial Library
Acadia University

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▽ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Harold Campbell Vaughan Memorial Library
Acadia University

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▽ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

The Flowers ſpread their rich Perfumes,

Diſpels the Miſts, unlocks the Streams,
And Beauty ſhines around.

OCTOBER, hath XXXI Days. 1791.

Now journeying on to Southern Skies
Behold at later Hours does rise,
The brilliant God of Day;
While chilling Morns and sober Eves,
Dismantled Earth and falling Leaves,
A dreary Scene display.

XII. DECEMBER hath XXXI Days. 1791.

Here see, fond Man, as in a Glass,
Life's various Seasons how they pass,
And this short Maxim glean:
Thus Life's short spring shall soon decay,
Summer and Autumn fade away,
And Winter close the Scene.

By this example you may see the eaſy and excellent uſe of the Table, which is already as any moveable Sun Dial; ſo that wheſoever you are, or travel, you may, having this Almanack about you, ſpeedily have the true hour of the day.

TO find the hour of the day by this Table, take a ſtaff, of what length you pleaſe, and (with a pair of Compaſſes) divide it into ten equal parts, making them upon the ſtaff, then in ſome plain level place where the Sun ſhines ſet it upright, and mark where the end of the ſhadow there of falls; then meaſure with your ſtaff, the length of the ſhadow, and note the parts it contains, which find out in this Table againſt the day of the month, and over head you have the true hour of the day. For example, ſuppoſe the 19th of May or 30th of July, I ſhould find the ſhadow of the ſtaff be forty three parts and one quarter (that is four ſtaff lengths three parts and one quarter) therefore ſeeking in the Table againſt the ſaid days, I ſee over head that it is then either 6 o'clock in the morning or 6 in the evening; ſo that if your obſervation was in the morning it was 6 o'clock, or in the afternoon 6 o'clock.
